ABOUT SKYWORTH

Founded in 1988, SKYWORTH Group is a global leader in home life innovation, integrating manufacturing, R&D, sales, and service. The company is publicly listed (HK00751 & 00810) and owns 20 high-tech subsidiaries. With over 36,000 employees, SKYWORTH drives advancements in smart home technology, energy efficiency, and design through its national technology and industrial design centers.

Our Vision

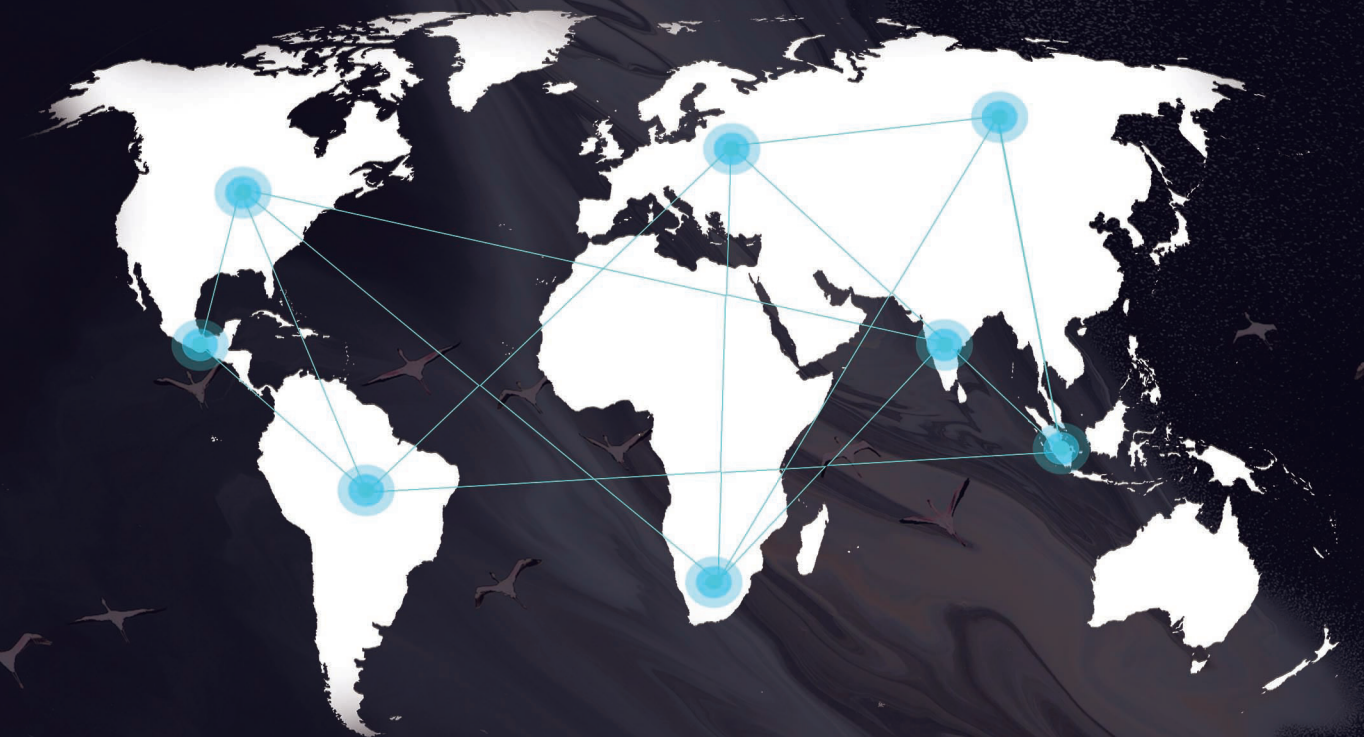

To become a globally competitive leader in smart home appliances and information technology.

Our Mission

To wholeheartedly create a better life for humanity.

GLOBAL DISTRIBUTION

11 GLOBAL R&D CENTERS:

Indonesia, United Kingdom, Germany, Austria, Mexico, Hong Kong, Nanjing, Wuhan, Guangzhou, Shenzhen, Zhuhai

16 GLOBAL MANUFACTURING SITES:

Jakarta (Indonesia), Hyderabad (India), Noida (India), Thailand, Germany, Turkey, South Africa, Shenzhen, Hohhot, Chuzhou, Suining, Yichun, Nanjing, Guangzhou, Jiangmen, Huizhou

8 GLOBAL SUPPLY CHAIN REGIONS:

Russia, Germany, India, Indonesia, South Africa, North America, Mexico, South America

INDUSTRIAL DESIGN HONORS

SKYWORTH has secured top honors in industrial design, securing Awards nationally, along with over a hundred global design accolades.

With two national industrial design centers, SKYWORTH proudly stands as a recipient of a grand slam of top international awards, solidifying its excellence in the industry.

SKYWORTH **Mini LED**

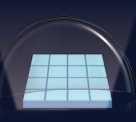

Thousand-level LED ZONES

Skyworth elevates backlight partitioning to an impressive thousand zones. Mini-sized LEDs deliver a more refined light and shadow experience.

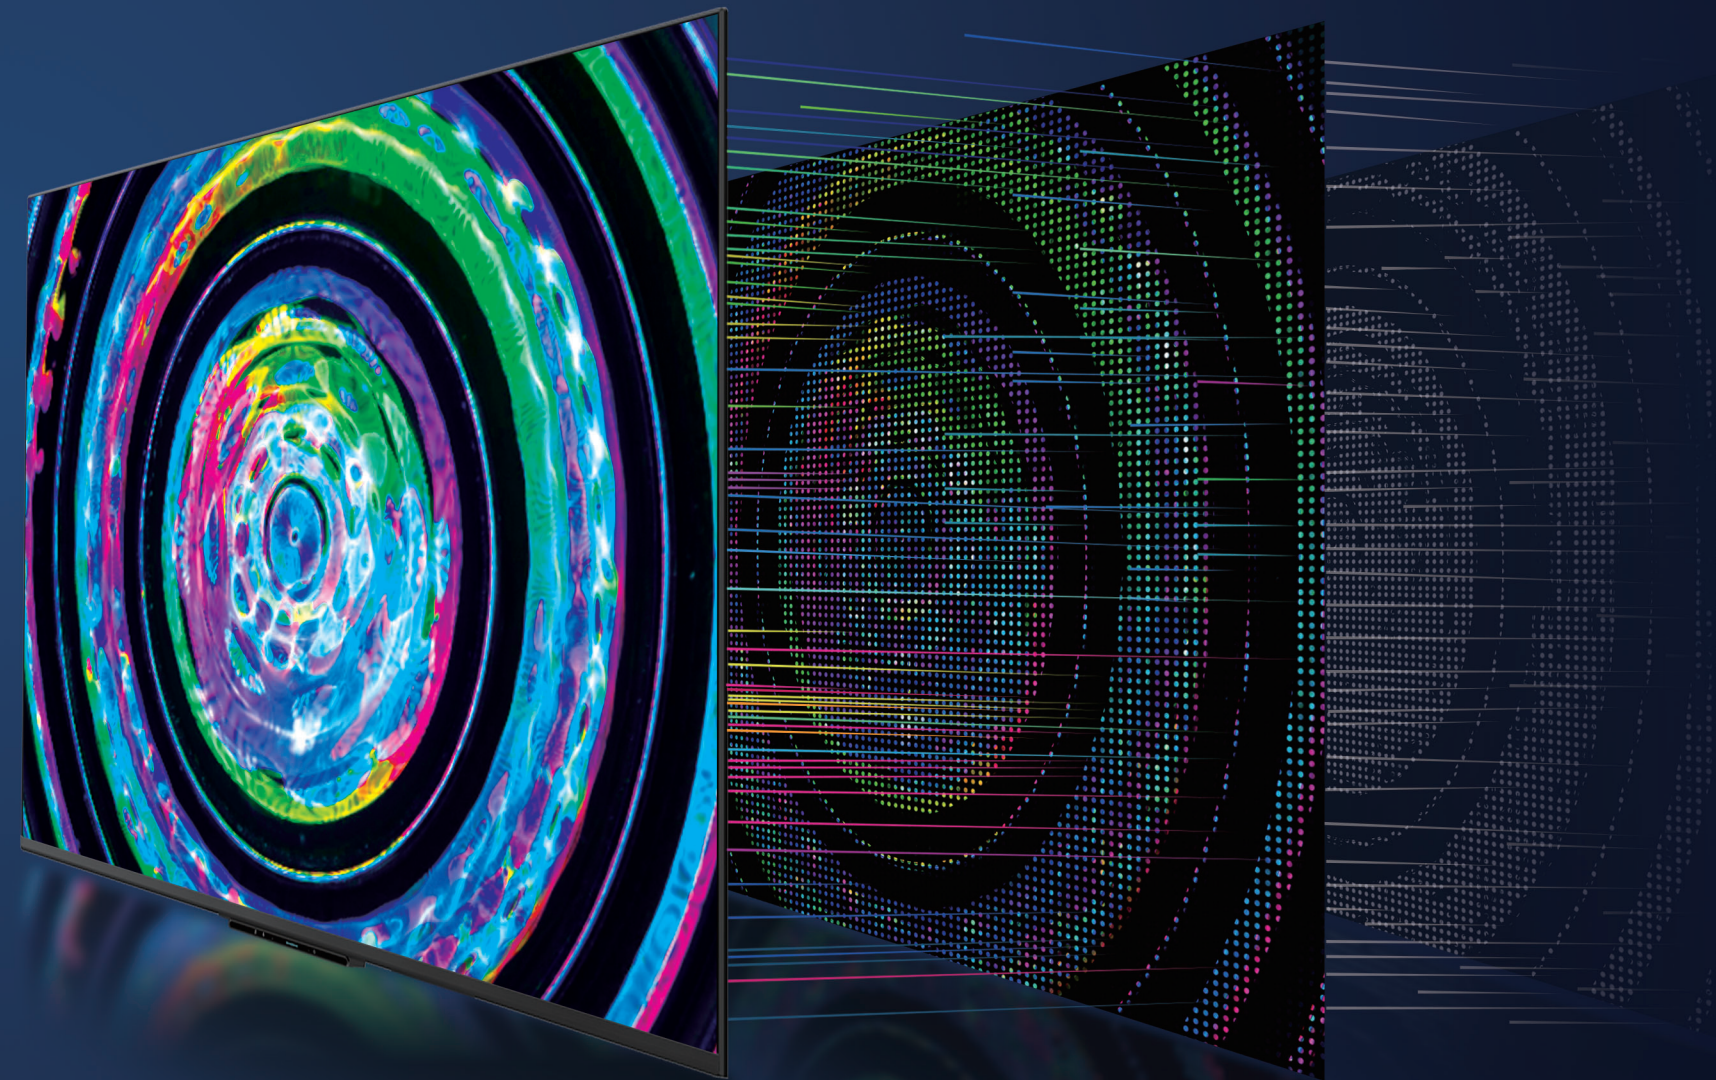

LOCAL DIMMING

Precisely adjusts brightness based on on-screen content, reducing energy consumption through dynamic light modulation while enhancing image quality.

16-Crystals Light-Emitting Chips

Utilizing advanced light-emitting chips with 16 crystals per bulb, this innovation enhances brightness. Paired with a wide-angle lens, it eliminates glare and shadows, presenting a smooth and detailed visual effect.

SKYWORTH QLED⁺

Vibrant Quantum Dot

Quantum dot materials achieve more than 100% color gamut coverage by emitting pure red, green, and blue primary colors of light, providing a wider color gamut and more vivid, lifelike color performance.

QD Solid Shield

Silicon dioxide has excellent stability, which can effectively protect quantum dots from environmental factors, no fading issue even with extended use.

Sapphire Crystal Optics

Utilizing the materials of precious gemstone, which are pure, translucent and noble, deliver the supreme cooling efficiency, bring you the brightest visual experience, the most transparent visual presentation.

SHAPING THE FUTURE OF LIFELIKE IMAGES

S+AI Processor

The S+ AI Processor, using NPU, enhances image quality by analyzing and refining each frame in real-time. It leverages SKYWORTH's extensive picture quality database to deliver vibrant colors and fine details.

DOMINATE WITH TOP-TIER GAME TECH

4K 144Hz 4K 144HZ REFRESH RATE

Elevate your gameplay with unparalleled visual fidelity. Leave lagging textures and motion blur behind. Enjoy gameplay like never before with silky-smooth visuals.

AMD

FreeSync
Premium

Freesync PREMIUM

The revolutionary VRR, certified by the high standard of AMD FreeSync up to 144Hz, brings you a smooth and stunning gaming experience.

HDMI2.1

Adapt to the latest game devices and enable viewers to experience high-quality games.

AUTO LOW LATENCY MODE

The ALLM automatically reduces response time of input lag and keep your real-time commands in sync with the screen.

GAME
CONSOLE

GAME CONSOLE

Gain a competitive edge by seamlessly switching to customized settings upon connecting to your HDMI. Enhancing your gaming experience.

EYECARE 5.0

CARING FOR EYES, CARING YOU

FLICKER FREE

Certified by Germany's TUV Rheinland, effectively eliminates LCD screen flicker from the backlight, providing all-around eye protection.

LOW BLUE LIGHT

Certified by Germany's TUV Rheinland, effectively controls harmful blue light from the backlight, providing all-around eye protection.

ADAPTIVE AMBIENT LIGHT

Powered by the ambient light sensor, it monitors the ambient light in real-time to adjust the brightness and colors of the picture.

VISUAL AID

SKYWORTH introduced a visual aid for color vision deficiency, customizable to restore the true colors in your eyes.

VERSATILE REMOTE CONTROL

Find-my Remote

Lost remote? TV helps locate with sound.

Antibacterial Remote

Protect you from germs.

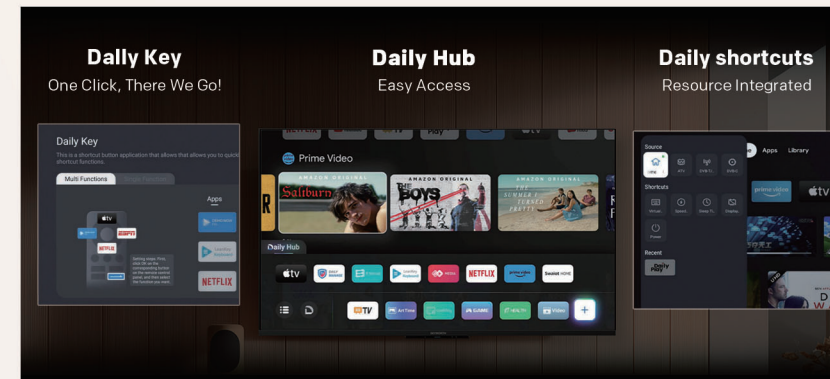

Karaoke Remote

It's a remote, also a microphone.

Simpler TV, Smarter Life

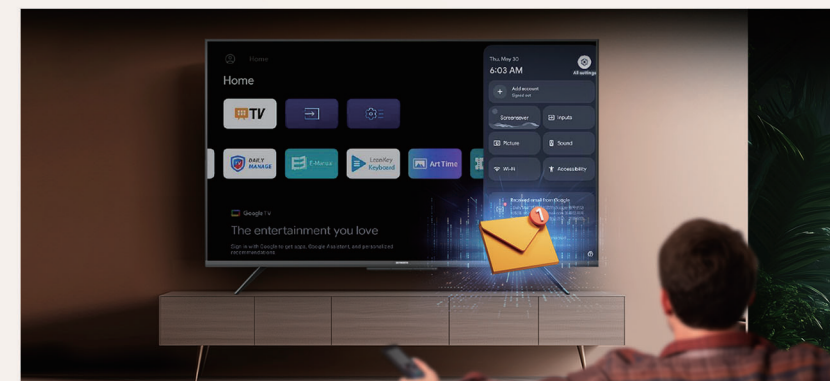

In addition to the features provided by Google TV, you can also enjoy a series of self-developed functions by SKYWORTH, which makes the viewing experience for TV users simpler, smoother, and more convenient.

Daily Email

Stay Informed, Daily Connected

SKYWORTH TVs have introduced the free email function for the first time, allowing you to manage your emails while entertaining, with real-time notifications for new messages, and your privacy is protected throughout the process by Daily Security.

Daily Security

Privacy Shield, Daily Secured

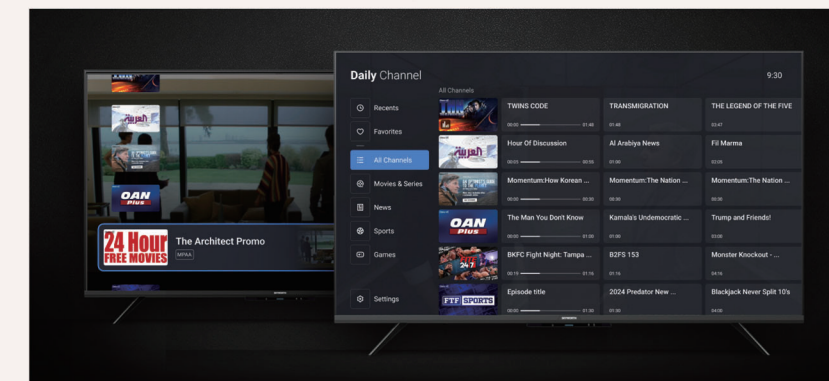

Daily Security safeguards your private data with full protection and regular updates by SKYWORTH's specialized team to keep your TV secure.

Daily Channel

Endless Entertainment, Free for You

Countless live programs, available for free viewing every day.
